St. Amant is a comprehensive resource for Manitobans with a developmental disability, acquired brain injury and autism. A non-profit corporation, St. Amant offers a wide range of programming, services and care to support individuals with a developmental disability, acquired brain injury or autism and their families.

Services include a large main residence, more than 50 community sites and homes, a research centre, a school and a daycare. Among other services, St. Amant offers an effective program for children with autism and for families who care for an individual with a developmental disability at home.

St. Amant strives to enhance the quality of life and self-determination for each person and family that it serves. Each year, St. Amant helps over 1,000 Manitoba families.
